Competition & Divisions

The championships should operate through a clearly defined two tier structure, with Premier divisions providing a performance pathway environment for the strongest teams and officials, and Open divisions providing a competitive and supportive pathway for officials, emerging players, developing teams and smaller associations.

Both tiers are equally important to the strength of country basketball and must be underpinned by clear eligibility, consistent standards and respect for association representation.

Premier Tier

- Championship (Div 1)
- Reserves (Div 2)

Open Tier

- Open 1 (Div 3)
- Open 2 (Div 4)
- Open 3 (Div 5)

Player Transfer Requests

All Player Transfers are required to be submitted through the online Player Transfer Request form no later than the **1st of September**, prior to the summer season. All transfers are subject to approval from the Championship Manager & CCSC.

- Players who intend to play for a different Association and do not satisfy 3.1.1 dot point 3 must have an approved player transfer.
- For a Player Transfer to be considered it must have adequate information and reasoning within the Player Transfer Request form.
- Associations will only be allowed to accept one (1) Player Transfer per Age Group per 12 month period.
- Junior Players will only be eligible for one (1) transfer throughout their junior career.

Failure to submit an online Player Transfer Request could result in forfeits or team disqualification.

For more detailed information refer to the Player Transfer Process document

Mercy Rule Process - U12 & U14 Open Tier ONLY

Step 1 – Mercy Rule Activated

The Mercy Rule will come into effect immediately when a team gains a lead of 20 points or more.

Step 2 – Mercy Rule Ceases

If, at any stage during the game, the score margin is reduced to less than 20 points, the Mercy Rule will immediately cease to apply.

The leading team may then resume normal defensive play, including full-court defence where permitted under the Rules of Operation.

Step 3 – Mercy Rule Reinstated

If the leading team again establishes a lead of 20 points or more, the Mercy Rule will immediately be reinstated and the requirements outlined above will again apply.

Coaches' Responsibilities

- Coaches are responsible for ensuring their players understand and comply with the Mercy Rule.
- When the Mercy Rule is in effect, the coach of the leading team must ensure their players retreat behind the three-point line in the backcourt and do not apply defensive pressure until the offensive team has advanced the ball into the frontcourt.
- Coaches should use the Mercy Rule as an opportunity to promote player development, sportsmanship, and positive game management.
- Failure to comply with the Mercy Rule may result in the officials stopping play to provide direction. Continued or deliberate non-compliance may result in the coach being issued with a warning and/or a technical foul in accordance with the FIBA Official Basketball Rules.

Officials' Responsibilities

- Officials are responsible for monitoring the score margin throughout the game.
- Once the 20-point margin is reached, or the margin falls below 20 points, officials should clearly communicate to both teams that the Mercy Rule has been activated or has ceased to apply.
- Officials should provide teams with a reasonable opportunity to comply before resuming play.
- Teams are expected to comply immediately following the officials' direction.
